Our goal is to match dogs with people they can spend the rest of their lives with. To that end, pranaDOGS fosters and rehomes project dogs. We spend a great deal of time learning and bringing out the dogs' personalities and working with them to hone their skills and ensure they're terrific members of society. We are vested in every dog we adopt and want to be sure you are both set up to succeed.

pranaDOGS Service Dogs are adopted with a service vest and after they have passed the Canine Good Citizen and Public Access test. We train Psychiatric Service Dogs to perform Deep Pressure Therapy, Mobility support and to stop compulsive behaviors. Most dogs can learn many more behaviors – some of which can be taught prior to adoption if necessary. More information can be obtained by emailing [Info@pranaDOGS.com](mailto:Info@pranaDOGS.com) or calling us at: (970) 325-3140.

Complete and return the adoption application to [Info@pranaDOGS.com](mailto:Info@pranaDOGS.com).

As individuals, not all dogs are suited for all service dog work. pranaDOGS takes a great deal of time selecting dogs who have the temperament, stamina, and emotional well-being to function in this capacity. Dogs must also be a good fit for the family, environment and situation. Not all dogs work in all situations, therefore pranaDOGS reserves the right to refuse any adoption or recommend an alternate (trained) dog if the placement doesn't work out.
